Wildlife Investigations for the Standley Lake Protection Project

Pam Lee
Ecology & Watershed Management
EG&G Rocky Flats, Inc.

Attached is the final report concerning wildlife impacts for the Standley Lake Protection Project. The report emphasizes the Preble's meadow jumping mouse, but considers other wildlife as well.

Please have Fred Harrington of your staff review the attached report and provide comments to Annette Marquez by August 19, 1994. This review is needed prior to the August 23, 1994 meeting with the U.S. Fish and Wildlife Service on the status of the Preble's meadow jumping mouse.

Please contact Annette Marquez, of my staff, at extension 6247 with questions or comments.

Gail S. Hill

Gail Hill, Acting Director
Environmental Guidance Division
